Margaret - Aren't you Glad it's  
over? Well it is and I'm Glad.  
Looking at your pictures in that  
book, one can tell that you love  
to wear glasses. You're a friend  
I'll always remember in the  
rough years ahead, so I won't  
say goodbye....

Love,  
Bob

Maggie.  
This year has  
been the best so far. but  
I wish you all the  
luck in your endeavors.  
Anytime you get up  
to chime stop by & see me, okay?  
See ya' - always

No man is an island, entire of itself;  
every man is a piece of the continent,  
a part of the main; if a clod be  
washed away by the sea, Europe is the less,  
as well as if a promontory were, as well  
as if a manor of thy friends or of thine  
own were; any man's death diminishes me,  
because I am involved in mankind; and  
therefore never send to know for whom the  
bell tolls; it tolls for thee.

## Observing People Need Involvement

Watching is never enough.  
Living is more than going  
along with the crowd,  
Coasting through days,  
and years.

It's not right to lock up  
excitement.

And the key is involvement.  
Those that find it are the people  
who stand out in a crowd,  
the people who make things work,  
the people who get the most out  
of life.

Whatever game you're playing,  
play it well,  
step off the sidelines  
And make yourself count.

## Learning Has Many Aspects

Learning is more  
than doing calculus,  
reading Macbeth  
and slicing cats

Responsibility is more  
than doing homework  
(every night)

And running to catch  
the bell before a tardy

Achievement is more  
than simply making "A's"  
and passing finals

For all these things add up to  
wisdom.

Learning, responsibility and  
achievement  
can have all the excitement of  
a

Big brass band.

The wisdom helps you understand  
people.

And that's what Life is all  
about.

## Fantasies Close In

A living circle,  
closing images within,  
A place where fairy  
tales come alive,  
And you can be anyone  
you want to be.  
Hold hands, facing life.

## Silence Has Substance

In the early morning  
before doors are unlocked  
machines are turned on  
before faces appear  
The silence takes on substance.  
School just isn't real with-  
out people.

It's not the noise you miss.  
It's what the noise means  
That there is someone else like  
you.

In every crowd there are  
a thousand different ideas  
and opinions  
a hundred different per-  
sonalities

The essence of what makes  
people . . . people.  
Singing the Alma Mater after  
the last touchdown,  
You don't picture "hallowed  
halls" . . .

but faces,  
and what's behind them,  
And know that what is most real,  
you cannot see  
or touch  
or hear  
but only feel.

# Perfection in Anything Requires Participation

In every piece of music  
there are high notes  
and low notes  
To have it flow in perfect rhythm  
Each instrument must play its part loudly enough to be heard  
but softly enough to blend.  
In the symphony, each instrument is forgotten in the whole  
But in the entirety, each is heard.

Margaret, been a  
 You have asset I've  
 tremendous and know  
 our class and know  
 to have we're in  
 glad so well. a lot I hope  
 you through and I hope  
 been school have! You've  
 high you memories! for  
 that fantastic going you  
 everything wish out  
 got and I suck really  
 you best Of there in  
 the school deal out in  
 ot a great you world  
 is for big really hope  
 store big, sincerely always  
 that I, will a  
 and you You Margaret.  
 that happy.  
 be beautiful person, Pie  
 beautiful Love, Amy 1973

On the football field  
 there are some who excel  
 and some who warm  
 the bench  
 But to win  
 Both are needed to do their  
 part  
 Though not to be heroes,  
 only to do their  
 best

On the scoreboard there are  
 no names  
 only numbers  
 But those numbers are reflec-  
 tions of the people and the  
 sport.

In the game of life  
 some are leaders  
 some are followers  
 In the quest for peace  
 each individual must be only  
 himself.  
 Nothing more  
 Nothing less  
 For only in harmony can the  
 world  
 Keep on spinning.  
 Only together can we each  
 stand alone.

## Lunch Looks Tumultuous

Memories . . .  
 the laughter, the gossip, the  
 chaos of the lunch hour —  
 the endless lines, the food  
 fights  
 the hasty, half-finished  
 meals (only ten minutes left!)  
 the simple pleasures of  
 solitude  
 or the warmth of togetherness.

## Years of Searching Exemplify Education

Searching —  
 that's what high school is all about.  
 A journey through four long years  
 to find a treasure you can call your own.  
 The things I see on my travels are unique  
 For my journey is of the mind,  
 And my thoughts are mine alone.  
 I entered as a freshman with illusions about life  
 And I'll leave as a senior with a taste of reality.  
 As I daydream, looking out the window, across the  
 fountain, down the walk, and into the park,  
 I am sure that the most important thing I have  
 learned while here  
 Is how to dream —  
 And then how to make  
 My dreams come true.

Remember?  
 Boarding buses in the warm  
 afternoon  
 Dressed for the chilly night  
 Remember?  
 Yelling "Turlock High School!"  
 Till your voice was hoarse  
 And singing, laughing, talking  
 Till you couldn't anymore?  
 Remember smiles,  
 And dancing sparks of laughter  
 On the autumn air  
 Remember?

## Moments Elapse In Halls, Classes

In the years we spend here  
 in crowded halls  
 on slippery ramps  
 in not-so-silent classrooms  
 We each make moments to remember  
 good times,  
 when you know the world is with you  
 bad times  
 when you try to cry but can't  
 quiet times  
 (holding hands with no one knowing)  
 After four years you know, and wish there  
 was time for  
 all the words not spoken  
 songs not sung  
 tears not shed  
 All the little times stretched into weeks and  
 months and years  
 One day looking back  
 The time doesn't seem too very long  
 you can't remember four years, only  
 moments. . .  
 your times  
 And you know, we only live once, and this  
 is our time.

"Maggie"  
 It was really  
 fun this last year  
 of high school. Good  
 luck always in what  
 ever you do.

Always  
 Debbie

## Activities

## Election Has Many Firsts

Officers for the 1972-73 school year were elected amidst a whirl of controversy. In elections which included a "Nobody" farce, and the entire boys' PE class chanting "Buscho, Buscho!" at the candidates' assembly, Kevin Jeys was elected president, Gwen Cederlind vice-president, Patty Crockett secretary, Greg Burns treasurer, Diane Lamarre rally commissioner, and Tim Parks social commissioner. Jeys was the first junior in Turlock High's history to be elected student body president. The race for secretary required a runoff, another first, as none of the candidates received a majority. Burns, Lamarre, and Parks were unopposed, a symbol of the apathy that surrounded much of the election.

The new officers began working immediately, as three campaign promises were fulfilled during the summer vacation: the boys' hair length restriction in the dress code was abolished, outside lunch tables were installed, and a bicycle corral was built.

# Parking Lot Planned

Plans for a new parking lot, with the old one scheduled for remodeling, was a major objective attained by the THS student government during the first semester of the school year. Among student government's other accomplishments were the formation of PTSA — Parent-Teacher-Student Association, the Better Lunch Committee, which enabled students to work on cafeteria menus, and the institution of a drugs analysis program.

Highly controversial issues, centering around legal questions, characterized student government's main concerns during the spring semester. These topics included graduation contracts, the student bill of rights and responsibilities, decriminalization of smoking, and the legality of withholding Alerts until book fines were paid. Also during the second semester, the government worked on vocational education programs. Treasurer Greg Burns rallied many students to his support as he set a precedent by becoming the first THS student to run for the school board.

## Junior Delegates Win at Asilomar

Two hectic, fun-filled days of campaigning, rallies, debating, parties, skits, and getting acquainted with 500 girls from all over Central California culminated in victory for this year's THS Asilomar delegates. The eight girls, led by Tina Bonander, their candidate for secretary, and Mary Olsson, campaign manager, adopted "Tap to Tina's Tune" as their campaign slogan. In keeping with this theme, the girls devised the garb which would identify their delegation at the conference: black silk hot pants, black stockings, patent leather shoes, white blouses, red and white vests, black bow ties, black top hats, with multicolored canes as accessories. "We looked really sharp," remarked Beth Anderson. "Our outfits were unusual and original."

The THS girls' skit was a 3-minute song and tap-dance routine to the tune of "Those Were the Days" from TV's "All in the Family." Campaign materials included red tap-dancing shoes bearing the "Tap to Tina's Tune" slogan, cookies cut out in the shape of top hats, and numerous posters. The delegates garnered an overwhelming majority of the votes and were successful in getting Tina Bonander elected secretary of the conference. This win, the seventh straight win at Asilomar for THS, entitled Turlock's delegates to return to and direct the next year's Asilomar conference.

The eight Asilomar delegates were selected by the faculty and the previous year's Asilomar girls, on the basis of grade-point averages, leadership potential, activities, and personality. It is considered a great honor to be selected as one of the eight girls to attend the Asilomar conference.

## Students Learn

Active participation in election processes and other aspects of governmental proceedings, encompassed a week of activities for Don Thorsen and Susan Brown, who represented Turlock High at Boys' and Girls' State.

According to Thorsen, "The entire week was a complete and total learning experience. This involved not only learning about the proceedings of our government, but I also was able to learn and study the many ideas, attitudes, and philosophies held by my peers."

THS's national 4-H winner, Susan Brown remarked, "It was interesting and though some of the activities were bogged down in protocol, the girls made up for it."

# Involved Students Aid THS

Involvement is the best word to describe THS Girls' League and Boys' Federation. Over the past year they have become increasingly active on and off campus. Girls' League was responsible for a fashion show, their second annual Big Sister party, and the carnation sale. Boys' Federation helped provide a karate exhibition for the boys' assembly in December.

## Sweet Surrender Delights Students

The annual Senior Ball took place early in the year to the delight of many students. The idea behind the event was "Sweet Surrender", with the words arched over the entry of the ballroom. A big success, the Sadie Hawkins dance provided an opportunity for the girls to choose their date. Gregg Carlson and Jane Warda were honored with the titles of Little Abner and Daisy Mae and the entertainment was presented by the popular rock group "Staton". The Christmas Ball and the Junior-Senior Prom were good times to remember, besides post-game Rhythm Beaters' dances at the War Memorial.

Talented students performed at the Talent Show this year with Mark Winkler taking home the \$50 first prize, John Peterson winning the \$25 second prize, and Terri Rhodes taking the third place certificate. The 90-minute presentation was sponsored by the Thespian Club.

For the first time in many years the Turlock High School Drama department presented a simple romantic comedy as their spring play. "Cactus Flower," written by Abe Burrows, is about a young girl Toni Simmons, who is in love with a bachelor dentist, Julian Winston. When she tries to pressure him into marrying her, he tells her he is already married and has two children. Complications arise when Toni asks to meet his wife and Julian convinces his secretary to portray her in front of Toni. A lot of hard work by the cast and drama department helped to make the play a success.

## Spirited Yellers Aid Enthusiasm

Just another pretty face? No, sixteen of them! Each glowing with individual enthusiasm, the varsity and sophomore cheerleaders roused school spirit with their action on and off the field. In August, they traveled to Santa Cruz for five days of practice and competition. The varsity football girls came home with a second place trophy. Jeanette Parker comments, "It took a lot of work, more than most people would suspect, but it was worth it." Behind the lines, all the girls joined in making posters, favors, and fed the team with cupcakes and pep talk.

## Variety of Activities Planned by Committee

Before each important game, a spirit rally was held. They were carefully planned and carried out by the rally committee. The rallies featured inter-class competition yells, songleading routines, and speeches by team coaches and captains.

# Females Add Glitter, Color

Color, glitter, excitement, and moving to the beat of the Bulldog band are all part of being a majorette, lettergirl, or flag girl.

Lettergirls and flag girls were chosen on the basis of skill. Nearly a hundred girls tried out, and the lucky ones who were accepted put a welcome splash of color on the half-time field. The duties of the groups go far beyond entertaining football crowds, for they led the Turlock band through its paces at various activities throughout the year.

After last year's wrestling championship, Turlock's wrestling team was ready to show the conference that they could do it again. Providing spirit and support, this group of girls helped coaches and officials by keeping score, attended wrestling tournaments, and made posters to encourage the team.

## Band Instructor Praises Members

"This is the finest band I've had since coming to Turlock five years ago," stated Val Kuykendall, THS band instructor, about this year's band.

An active year was spent performing in many parades and reviews. Band members traveled to Selma, Merced, and Santa Cruz to be in competition with bands from around the state. Marching in the Los Banos Mayday parade, the C of C parade, the Sonora Roundup, and the Turlock Christmas parade highlighted the high stepping marchers' year.

Besides all of their extra activities, the band performed half-time entertainment at football games and the pep band played at rallies.

## Treble Clef Participates In County Music Festival

Participation in the Stanislaus County Music Festival was only one of the many activities which occupied the forty talented females in Treble Clef. Under the guidance of guest director Milton Williams from UC Berkeley, the THS girls blended their voices with choir members from eight area schools to produce a concert enjoyed by music enthusiasts from all over the county.

Other highlights for the Treble Clef members included the Solo Ensemble March 10th, and the THS music department's Christmas production of the "Messiah."

"Men's choir," stated choir leader Ted Dixon, "is a terrific group to work with. We're getting a really good sound this year."

Increased enrollment in the all-male choir necessitated the purchase of new robes to accommodate the twenty-three members. Besides collaborating with the other musical groups in the "Messiah" at Christmas time, mens' choir also assisted in the Christmas card sale, helping to raise \$250 towards the new grand piano for the music department.

# Girls Audition Before Group

In order to become a Nonette, a girl must try out in front of the previous year's group. Qualities that must be exemplified are blending ability, sight-reading, and intonation.

Two days a week after school the girls practice for performances which are given at church functions, for women's clubs and men's organizations, and for school activities.

The THS orchestra's replacement for Mildred Cole, who is on a year's sabbatical, was Dr. Ross Shub, who directs the string department at California State College, Stanislaus. He conducted the twelve-member group of string and woodwind players. A public concert at Christmas and in the spring made the orchestra members' year-long practicing worthwhile.

## Pep Band, Mascots Bolster Spirit, Fans

In addition to being active members of the marching band, the pep band traveled to all away football and basketball games. They put in many hours of practice in order to present their various musical numbers.

Representing Turlock's mascots, Butch and Brenda added a comical aspect to the rallies and games. Roberta Yohannan is Brenda and Randy Forster is Butch.

# Song Girls Perform Creative Routines

"I'd like to teach the world to sing . . ." This was one of the many tunes this year's songleaders rhythmically performed their routines to at the rallies and games.

They held several fund raising events to help send them to camp. One project was a car wash, and another was selling mugs with the Bulldog insignia on it.

Last August they attended a cheerleading-songleading camp in Santa Cruz. For four days they learned many new routines and techniques. At the end they were awarded a ribbon for choreography.

## Involved Yell Leader Becomes Football Queen

Involvement is the key word in describing this year's football homecoming queen Tina Bonander. Yell leading, Asilomar, CSF, AFS, and Campus Life are among the many activities which kept her active throughout the year. She also reigned as spring sports queen for 1972.

Her attendants were Dee Ann Casenave and Colleen Ford, who tied for the runner-up position.

## "Frisco Bay" Plays For Christmas Ball

Playing for the first time ever at Turlock High School, "Frisco Bay" entertained couples at the Christmas Ball. The dance, sponsored by the California Junior Statesman, was stopped for a moment for the annual crowning of the Winter Prince and Princess. At this time each club sent its representative up to the stand. Those attending the dance selected Janis Gullo as this year's princess and Jeff Metzger as prince.

## Team Chooses Beth

"I can't explain the feeling I get-it's just my second nature to be there when there's a basketball game. And it's really a dream come true to have those fantastic guys choose me as queen!" These were some of the thoughts that passed through Beth Anderson's mind upon being named 1973 basketball homecoming queen. She was actively involved in extracurricular activities such as Campus Life, Beulah Covenant youth group and choir, CSF, AFS, and was a member of the **Clarion** staff. Beth attributes her honor to God, commenting that "It's through Him that I'm able to have the joy that I do have."

Reigning as Beth's attendants were Susan Lytle, first runner-up, and Janelle Melgard, second runner-up. The spirited songleaders enthusiastically supported the team and were honored in receiving their titles.

Other nominees selected by the basketball team were Pam Mowrer, Diane Shiba, Toni Carothers, Bev Nielsen, Leslie Ramsey, and Diane Pallios.

## Athletes Select Tina Bonander

"I was really surprised and excited when they said my name. I thought they were kidding," exclaimed Tina Bonander when talking about her reign as Spring Sports queen.

The head varsity football yell leader and Asilomar delegate was chosen by spring sports team members over seven other nominees. Her picture was then sent to Modesto as a possible winner for the Northern California Track Queen contest. She was one of the eight finalists chosen from all over northern California.

## Diane Reigns As Sweetheart

Many things went into the choosing of an FFA Sweetheart. The nominees were given a personal interview by a panel of three, took a test covering information on the club and agriculture, and were finally voted upon by the entire membership.

This year's queen was Diane Dellis, who was kept busy representing Turlock High's FFA at fairs and rodeos. She enjoys showing horses and is an active member of FFA and the THS Rodeo Club.

Her attendants were Susan Brown and Marilyn Sanchez, who are also active in FFA and 4H.

# Annual Dinner Funds Finance AFS Visits

Funds from the annual AFS International Dinner brought in finances to make possible a summer abroad for two students, Diane Keesey and Sam Pedretti. The THS students were selected by a panel of judges, to represent Turlock High School as Americans Abroad in the summer of 1973.

Under the leadership of Tina Bonander, the AFS club pursued its major objective: to promote well-being between the youth of America and the youth of other countries.

Meeting on the first Tuesday of each month, the club members sought to learn about the customs and traditions of foreign nations. Among those showing slides and sharing their experiences abroad were Freda Simpson, THS's exchange student from South Africa; Leslie Ramsey, Turlock's AFS student to Turkey; and a group of Turlock High School students who spent their summer on a tour of Europe.

Right: Diane Keesey and Sam Pedretti look forward to a summer of travel.

Opposite, Bottom Left: Freda enjoys discussing current issues in her Contemporary American Problems course.

Boboties (South African shish-kabobs), gold mines, and school uniforms are all part of the South African culture of THS's foreign exchange student, Freda Simpson. At her home in Johannesburg, South Africa, Freda lives on a gold mine where her father is an engineer. In Turlock, she lives with the Walter Browns.

Freda explained the many differences between her home in South Africa and Turlock. There is no television where she lives, for example, but they do have drive-in theaters. Freda had never seen a football game before coming to America, and she enjoyed watching the sport.

School in South Africa begins in January, so Freda attended a university for six months before leaving for America. Prior to that, she attended a private school where she began her studies to become a lawyer. Her schools do not have yearbooks, and Freda said, "The **Alert** is great!"

One activity Freda enjoys is swimming. She swam for four consecutive years in state swimming competition and would have been a representative in the Olympics, had South Africa participated.

Leslie Ramsey, sponsored by Turlock High's AFS program, spent her summer in Turkey. She lived with the Hayrullah Segmen family in a small apartment in Istanbul. They were originally from Adana, 700 miles from Istanbul, where Leslie spent three weeks of her summer.

Leslie found the Turkish life style to be very different. Short skirts, bare feet, low necklines, and bare shoulders were considered improper. Ninety-eight percent of the people in Turkey are Moslems. Most of Leslie's meals consisted of fruit and vegetables. "Everything," exclaimed Leslie, "is cooked in olive oil!" One of the discomforts the THS senior had to put up with during her stay was the lack of electricity in their Adana farm home.

In summing up her stay, Leslie remarked, "The summer went so quickly. It's hard to believe I was really there!"

## Chess Club Retains Title

"This year's chess team has quite a lot to live up to, after finishing second in the state this year and first on the west coast in the novice division last year," commented Doug Wente, club vice president.

Big Valley Champions for the 1971-1972 school year, the club went undefeated in five matches against schools in Modesto and Lodi. The Turlock Team suffered its first loss in two years to Ceres in their 1972 league opener.

The highlights of the year for the chess players were their two trips to Los Angeles, the year's toughest competition, in which the team finished second in the state, and Doug Wente placed second in individual novice. Financing these events were football concessions, numerous car washes, and a rummage sale.

## Speech Students Attend Tourneys

District Congress in Senate Chambers at Sacramento, state tournaments at UCLA, USF Clairmont, Chico State and Stanford were many of the competitive areas in which the Forensic students competed.

The Forensic and Novice Forensic (frosh) club students competed against other schools all over northern California. These competitors are members of the National Forensic League. Each student attending the various tournaments is awarded a number of points. These points go toward their records. At the end of their high school year, if they have reached the given goal, they may be awarded certificates, plaques, trophies, and double rubies.

## Tri-Chi Picnic Initiates Year

Rustling leaves on a windy autumn day greeted Tri-Chi members at their first event of the year. It was a Crane Park potluck for the purpose of getting acquainted with new and old members.

Tri-Chi is an organization composed of girls sincerely interested in helping others. The girls meet once a month in various members' homes to discuss and plan money-raising activities, such as bake sales. They also find time to make favors for rest homes and take fun excursions. The group took precious time out to visit nursery schools and day care centers, volunteering their services.

## Tri-T Decorates Float for Queen

Designing a beautiful homecoming float decorated with cherry blossom trees was one of the projects of the Tri-T club this year.

Tri-T is an organization involved with helping the school and promoting happiness within the community. The club meets twice a month at the members' homes to discuss and plan projects to help the less fortunate.

Some of their projects included visiting the nursing homes in Turlock, addressing and sending Christmas cards to servicemen, Christmas caroling in the Turlock vicinity, and sponsoring a paper drive, giving the proceeds to the poor of the community.

Left: Kathy Meairs and Gwen Cederlind address Christmas cards as one of Tri-T's Christmas projects. Through the Red Cross, the club sent these cards to servicemen who were unable to come home for the holidays.

# Deutsch Club Attends Fest

To celebrate the Christmas holiday this year, the THS German Club attended their annual Christmas Fest at Downey High School. They shared their joy at the party with the club members who attended from other schools in the area. These same schools again attended their yearly spring party.

Another activity the German Club participated in this year was their trip to San Francisco to visit the German restaurant, Hans Speckmen. In April the club members traveled to Merced Junior College to see a film presentation about the Alps and countryside of Germany.

As a German Club project, Freida Rector, the club advisor, also investigated job opportunities for German club members in German-speaking countries. In this way, interested students may learn more about the language while working in foreign countries.

## Girls Organize Ethnic Group

Las Nenas, a newly-organized club at THS, replaced MAYO as an all-girl Mexican-American club on campus.

Highlighting their activities for the year was their sale of handmade octopii. The girls spent many hours working on the pipe-cleaner animals. The money they raised from this project went toward a scholarship for one of the girls going to college.

By sponsoring a school dance in March and holding several bake sales and car washes during the year, the girls were able to raise enough money for a trip in the spring.

## VICA Members Attend Workshop

Monthly meetings, speakers, workshops, and field trips kept members of VICA, the newly organized industrial arts club, busy.

Numerous field trips to various industrial plants enabled members to see problems and solutions in businesses, and opportunities and training needed for specific jobs.

The Central and Coastal Regional workshop in Sacramento and the Central and Coastal Regional Competition and workshop in Oakland were attended by members and their advisor James Nolt. Also attended was the state convention in Monterey.

Right: D. Artrip, M. Fletcher, H. Wilson, R. DeSteunder.

## Agape Appeals Club Existence

Appealing an executive council decision which banished the Agape club as a school organization, Agape successfully commenced its second year of existence.

Investigating sections of the Educational Code to find a legal basis for functioning as a campus club, officers and members of Agape appeared at an executive council meeting in an attempt to reverse the resolution which maintained that a religious club on campus was illegal. The decision was changed, and the Agape club sent a copy of its constitution to the county council to insure its validity.

Concessions and a bake sale helped finance the club's activities, one of which was purchasing hams to distribute to local families in need at Christmas time. Bible studies were held in members' homes twice a month. The annual trip to Del Puerto in May highlighted the year for Agape.

## Well-Known Doctors Visit Future Medics

Approximately fifty future medical students, working in concessions and helping the community, participated in listening to many well known medical doctors.

Existing in their second year, the future medics met every first Tuesday in one of the two local hospitals.

Speakers at the meetings included an obstetrician, a plastic surgeon, a dentist, an internist and a dermatologist. In addition to hearing speakers, the members traveled to UC Davis in April to further explore the medical profession.

To wind up the year, the future medics had a picnic at the home of Steve Washburn.

## Parties Liven FTA's Year

Laughter, joking, and disorder highlighted the pizza party at Manjo's which started off the year for the future teachers. Holiday spirit enlivened the atmosphere at the FTA Christmas party held at the home of Patty Crockett.

Raising children into a caring environment was the main concern of FTA this year. Student teaching at Julien and baby-sitting for some of the THS faculty demonstrated this concern. A bake sale helped send many members to the central FTA convention.

## FFA Members Show Animals to Children

Elementary students at Julien and Cunningham were treated to visits of farm animals, due to the efforts of FFA. FFA members volunteered their time to share their knowledge of milking cows and feeding sheep, to those unaware of farm life.

The THS chapter competed in numerous contests including the Galaxie and Merced County Sales, the Hereford Showmanship contest, Chico field day, UC Davis judging day and the sectional public speaking contest.

In February, the members held a pancake breakfast in the cafeteria to help finance their numerous projects. And to wind up the year, the chapter held an awards banquet, where many future farmers received outstanding trophies and medals.

## Ecology Club Travels To Scenic Environment

Trips to Yosemite, the rocky California Coast and Death Valley highlighted the Ecology Club's third year of existence.

Money for these trips was raised by selling candles made from empty pop cans. This not only served as a means of recycling, but it enhanced many Turlock homes.

Concern for campus improvement was demonstrated by ecologists picking up litter around the community.

# Play About Teacher Involves Thespians

The successful all school play "Up the Down Staircase" introduced the year for the Thespian club. The play, set in a classroom situation, involved a young, idealistic teacher trying to cope with the problems of the students.

Many hours of rehearsing, memorizing, and acting were all means of improving their skills in theatrical arts for the Thespians.

To enter the Thespian chapter, prospective members must undergo a nerve-wracking experience. Their initiation involves the "gopher girls" chorus, "jack be nimble" stunt, wearing egg shells around their necks and many other unknown activities.

## FHA'ers Reach Out to Elderly

Making little Thanksgiving turkeys, decorating cookies, and caroling in local hospitals and rest homes were a few of the philanthropic deeds of this year's FHA club.

Besides aiding the community, they also did things for pure enjoyment. A shopping trip to San Jose, a mother-daughter dessert and gift exchange, and a Valentine's Day fashion show were the year's highlights.

Early in October, Nanette Foster and Nancy Bettencourt represented Turlock High at the state FHA convention.

## Smock, Tam Club Visits Art Exhibits

Art students and artists of this year's Smock and Tam traveled to San Francisco and Carmel to see different art exhibits.

Members traveled to study ideas of various artists, motivating one another in developing their own projects.

Small decorative objects were placed on meal trays at local hospitals during Christmas time. To finance their active year, Smock and Tam held a bake sale and sold suckers.

Rounding out the year, a variety of social activities was held, such as a swim party, a weiner roast, and a spaghetti feed.

## CSFers Get Good Grades

Receiving good grades enables students to join California Scholarship Federation. It is an active club and this year's field trip saw the students traveling to the University of San Francisco where they toured the campus and then went sightseeing at Fisherman's Wharf and the vicinity.

In order to qualify for membership, one must achieve ten points. These come from A's and B's.

# CJS Sponsors Poll

Election year sparked a lot of interest and CJS, being a non-partisan political organization, added to this by sponsoring a student poll about the students' political feelings. The Nixon-Agnew team was supported, and the students voted their political sentiments 35% to the Democratic party and 34% to the Republican party.

CJS emphasized two major events during the year. They were the Fall and Spring state conventions held in Sacramento and Santa Barbara. They offer opportunities to discuss many current issues in the student-organized seminars, and to hear a variety of speakers, including State Senator George Moscone and Speaker of the State Assembly, Bob Moretti.

On campus CJS involved itself with a mistletoe sale, and its annual tradition of sponsoring the Christmas Ball was carried on. In light of the equality movement, a Winter Prince was elected to join the Winter Princess to reign over the event.

## Block T Members Assist Willert Fund

Charity-minded Block T members played the Modesto Police force to help raise money for the Ray Willert fund, a memorial to a slain policeman. Approximately \$100 was raised with the Block T barely beating the policemen. Earlier in the evening the THS male faculty played the Turlock Police force with the teachers soundly winning.

Selling pennants helped finance a new trophy case, and the annual steak feed. An overabundance of trophies caused the need for the new case.

## Girls' Cagers Practice Daily

Practice grounds for the JV and varsity basketball teams, coached by Sue Hoffner and Linda Bruns, centered around the THS girls' gym. Games on Tuesdays and Thursdays found the girls facing such teams as Downey, Manteca, Patterson, and Ripon. Playing center for the varsity team was Joyce Pimentel with the combined effort of Coree Matson setting up to her. Both hard-working teams were in shape for a tournament during the last few weeks in February.

Hard practice and the will to win carried the girls' tennis team through the year. The season opened with Oakdale, and a Turlock Invitational Tournament highlighted the closing of the season. The sport of softball was also offered late in the spring and was coached by Betty Roberts.

## Girls' Volleyball Gets Third Place

A great season put the THS girls' volleyball team in third place in the CCC this year. The November tournament was held at Edison High School where the Turlock team came home with a second place over 15 other schools. The varsity coach Jane Lazich engaged her team in a practice against the CSCS team. The JV team was coached by Betty Roberts.

The girls' swim team looked very promising as a new GAA sport this year. Their practice schedule, a rigorous one, was after school on Tuesdays and Wednesdays, and during seventh period on Fridays. Coached by Sue Hoffner, meets included teams such as Tracy and Manteca. Swimming for the team this year was Freida Simpson, the THS foreign exchange student from South Africa.

## Journal Helps Print Clarion

With a readership of about 20,000, the **Clarion** was published bi-monthly on Fridays in the **Turlock Journal**. The students gained practical knowledge by working with **Journal** deadlines, page dummies, galley proofs, and headline styles. The greatly expanded readership included THS students, local residents, and area readers.

The paper was distributed on campus as well as appearing in the evening editions. This enabled the high school paper to use the **Journal's** advertising rates and facilities.

**Clarion** members also helped produce the "Under 20" section which was published weekly on Thursday evenings to help dummy up the four pages. Their efforts were critiqued by the local paper's staff. Some students even received authentic press credentials enabling them to go to a McGovern rally, an American Independent Party news conference, a luncheon-conference with ex-Governor "Pat" Brown, and other press conferences throughout the school year.

# Alert Captures Reactions, Moods

1972-73-It was a year packed with experiences and emotions for each of us, a year in which we advanced one step closer to adulthood. We have attempted to capture and preserve that year in the 1973 **Alert**. With involvement as our theme, the yearbook's focus is on the people of the high school-their reactions, their moods, the ways they express themselves. This book emerges as more than just 304 pages-it is a product of the unique personalities of each individual on the staff. It is that frantic last-minute search for pictures, the constant cry, "Where's the typematic?", making impossible headlines to fit impossible space requirements, the triumph of sealing a completed page . . . If there were only room to list each person who has made this yearbook special to me! I'm especially grateful to the staff, for the memories they've given me-and to those who livened up the class atmosphere; Gwen, for her patient understanding, and Danielle, for her cheerfulness; the photogs, for their hours of work; Mrs. Stangle, for maintaining her sense of humor; and especially to Amy, my co-editor, for putting up with me. The yearbook has dominated my life this year, and I've given all I could to make it the best **Alert** yet produced. It is my hope that it will mean as much to you as it has to me.

*Gayle Allard*

A part of the yearbook family, I have shared the trials and tribulations coupled with the excitement and anticipation of producing a yearbook. The finished product makes up for the tremendous amount of work and tension involved serving as a source of accomplishment for everyone contributing their efforts. The book itself represents a timeless energy of the staff, to which I would like to extend a special thanks for their cooperation and tolerance. There are an insurmountable number of friends who have made this school year a one to treasure but it is fruitless to thank each one of them here. Above all, I would like to thank Gayle Allard for her never-ending zeal and diligence as she devoted a great amount of time to the yearbook's production. Mrs. Twila Stangle also deserves a good deal of recognition for her understanding, patience, and countless hours spent with the staff. A note of thanks is also extended to Rosalin Kochaly, a dear friend whose concern kept me going throughout the year. Thank you's go to Gwen Cederlind and Danielle Azevedo with good luck on next year's book. Most important, may I thank the students at THS themselves to which the **Alert** is directed. Gayle and I with the Alert staff wish to extend our sincerest appreciation to each of the following for their contributions to the yearbook: Vern Walter, Jack Claes, **Crete Studies**, Darrell Stanley, Carl Baggese, Don Hansen, Steve Browning, **Turlock Daily Journal**, **Coronet Studies**, and Lynn Cullens, for original prose written for introduction and closing.

## Dogs Hang In There

"It's easy when you go undefeated, but when you have to work and scrap for anything you get, then that's a real champion." These words, spoken by head coach Les Ratzlaff, were perfectly exemplified by this successful Bulldog season.

The fans' first view of the 1972 Bulldogs did not impress upon them the abilities of this Turlock squad. In a defensive battle, Oakdale handed the Bulldogs a 6-0 loss.

Before a large Tracy-oriented crowd, Turlock pulled out a narrow 6-0 win in a must-win situation. After an unsuccessful Oakdale showing, the Bulldogs devised a ground attack, keeping the ball in the opponents' territory.

Above: Running back Oscar Zavala (43) scampers through numerous pileups as the offensive line demonstrates its abilities to open up wide holes.  
Right: Sophomore Mickey Weimer (80) runs for extra yardage after a showy catch.

## Team Unity Sparks Wins

Taking advantage of a large Turlock home crowd, the Bulldog defense recorded their second straight shutout, blanking Lincoln 9-0. Defensive stalwart Don Thorsen continued his brilliant showing, accumulating 69 total tackles in three games. Running back Oscar Zavala, back in uniform after being sidelined by a leg injury, was the bulk of the Bulldog ground attack.

Traveling to Atwater, the Bulldogs won their league opener in the newly-divided C.C.C. by aceing out the Falcons, 14 to 8. Key interceptions by defensive back Steve Washburn deadened sustained Atwater drives to preserve a Turlock win.

A key fumble recovery by defensive tackle Dennis Bishop ignited the Turlock Bulldogs to a 9-7 win against the Davis Spartans. Don Thorsen, Bulldog middle linebacker, scored the only Turlock touchdown on a brilliant 69 yard interception runback. Terry Gray completed four passes from eight attempts for 108 yards.

The unbeaten, undefeated Downey Knights were momentarily stunned by the Bulldogs as Turlock dominated the first quarter. But a poised Downey offense unleashed a damaging air attack, pulling off a 28-16 win to remain in the top rankings.

## Bulldogs Rate As Comeback Champs

The Bulldogs returned home for an early homecoming contest against the speedy Merced Bears. Quarterback Terry Gray gave his best performance of the year as the Dogs bounced back from the Downey defeat and ran over the Bears 23-15.

A non-league loss to the Edison Vikings of Stockton brought down the morale of the Bulldogs. Matched against the rain and the big Vikings, defeat came 21-8.

Drawing a bye, the Bulldogs had two weeks to prepare for the rival Modesto Panthers. Turlock still could have shared the championship, even though earlier they had been cast aside as out of the running.

Modesto jumped into an early 7-0, and completely dominated the entire first half. Early in the third quarter, halfback Mike Makin capped a Bulldog drive, diving in from the four yard line. In the fourth quarter, halfback Jim Bryan intercepted and scored to give Turlock the win.

Right: All-Leaguers Don Thorsen (88) and Steve Washburn (5) combine to deflect an Oakdale pass. Thorsen led the league in tackles and Washburn led the league in interceptions.

"We went to ground control offense against Modesto and after that game, we felt we could have beaten anybody," commented coach Les Ratzlaff. "The team saw a chance to still consider itself a champion after those disappointing losses, and really took the challenge. They really stayed with it and hung in there."

## Bullpups Show Improvement

Improvement was the key to the Bullpups' season this year, as they steadily improved with every game.

Although hurt by the loss of four key players to the varsity, the sophomores still compiled a 5-5 overall record and a 2-3 league record in the very strong CCC league.

On offense, Bill Vega and Gino Talamantes carried most of the bulk, scoring most of the team points. The offensive line, led by guards Jose Gutierrez and John Vilkofsky, constantly opened huge holes for their backfields. Bill Morris added speed to the team, earning a starting position as a freshman.

Coach Stan Beasley's only returning player from last year's team, Dennis Olson, quarterbacked the defensive team to many fine performances. He was backed by linemen John Casey and Dave Sandavol, linebacker Ron Pimentel, and defensive back Rick Perez.

The Bullpups' season was highlighted by a 22-0 trounce over the Downey Knights.

# Frosh Finish Fine Season

Under the direction of coaches Tom deGraaf and Rick Stangle this year's frosh turned in many fine performances, and finished the season with a 4-4 record.

The Bullbabies were led by the running of Fred Zumstein and the passing of team captain Marty Rojas. Lineman Dave Knapp and Norm Thorsen also played well all season.

Coaches John Marsh and Steve Feaver inspired their team to an undefeated season. They were unscored upon in three of their outings. Quarterback Kevin Mayo and halfback Gary Groll kept the offensive team moving. Tim Dalton came up with many needed interceptions.

# Foursome Guides Runners to Success

Turlock High School's cross country team closed the 1972 season with the best showing ever recorded and bright hopes for the future. The Bulldogs posted a 4-4 record in a schedule that included nationally ranked Merced.

In early meets the Bulldogs depended on seniors Carl Sigrist and Mike Luis to set the pace. As the season progressed Scott Baker and Ron Schali came alive, giving Turlock a very strong foursome. The schedule steepened towards the end of the season, and Baker, Sigrist, Luis and Schali weren't enough to beat extremely strong Merced and Modesto teams.

In post-season competition, junior Lee Dyche and sophomores Reuben Rios and Dan Johnson scored for Turlock. The sophomores were a high point of the cross country program this year. Their ability was such that even without top runners Dan Starn and Rick Weder, both of whom fell to injury, the Bullpups placed two men, Rios and Johnson, in both district and section races. The medals of Dyche, Rios and Johnson and the return of Starn and Weder leave cross country prospects very good.

## Battling Bulldogs Bound Back

Starting with a mediocre pre-season record, the Turlock Bulldogs came surging back for a 15 win-9 loss mark. After losing four of five starters of the 1971-72 campaign, Turlock was not expected to do better than fifth. But with the annexation of Gary Souza and Steve Washburn, the Bulldogs proceeded to win 13 out of their next 17 ball games.

This year's team was built around 6'5" center Gary Souza. Souza was put up against some of the best players of the new CCC. He was also rewarded in his efforts as he was named to the second team all league.

The battling Bulldogs' forward Dave VanWinkle, and Dale Hougland rounded out the back line. Hougland rated as one of the top rebounders with VanWinkle being a pinpoint shooter.

Steve Washburn and Jim Bryan, a pair of bulky guards, were often seen bringing the ball up court. Washburn showed hustle and determination as well as potential. Bryan, a left handed sharpshooter, was the team playmaker. He was also an all league selection.

Another trait of the Bulldogs was their bench strength. Coach Milt Raugust often put Dave Hanson, Ron Wellander, and Jeff Anderson in crucial situations.

Dave, who is only 6'2", led his team in rebounds with his determination to pick off stray shots. Jeff came off the bench to be one of the best defensive ball players in the league.

## Sophs Keep Improving

Continuing their improvement under Coach Bruns, this year's sophomores compiled an 8-4 win-loss record in the tenacious C.C.C.

With Coach Bruns cheering them on, the Bullpups defeated three of their first four opponents. Towering center Dennis Olson led the team in rebounding and scoring, averaging over 16 points a game. After a brief stay on the varsity, guard John Nored came back down to the sophomore squad and gave them needed outside shooting. Freshman Kendall Hanson and Wade Cockrell also brought down many rebounds. Speedy Randy Couchman and jumping-jack Ron Pimentel rounded out the starting five.

## Frosh Win Nine

This year's frosh basketball team was one of the smallest to enter the THS gym in a long time. But they also turned out to be one of the best as they ran off a 9-4 win-loss record. Led by forwards Mark Harrison and Bruce Nickerson the "A" team triumphed over their first four opponents. Coach Vern Pitau's squad cooled off in mid-season but came on strong at the end and won their last two encounters.

Defense was also a key to their success. Led by the ball-stealing antics of guards Marty Rojas and Chuck Foiada and the rebounding of Fred Zumstein, the frosh constantly kept their opponents from scoring. Depth was also no problem to this year's "A" team. Forwards Dan Green and Mark Mirza and guard Terry Berg often entered games and scored crucial baskets.

First year coach Steve Feaver gave the "B" team needed experience for the coming years. Led by guards Tim Huber and Kirk Blount they compiled a 4-8 win-loss record.

Ruben ended the year with a 35-5 win-loss record, three tournament championships, and gained the title of league champion in his weight division.

## Varsity Wrestlers Stay Undefeated

The THS wrestling squad continued to show a desire that gained them their second straight undefeated season. The varsity grapplers extended their win streak to an astounding 35.

Head Coach Rick Stangle gives much credit to a young team who overcame many injuries and a tough schedule through hard work. Besides defending their CCC undefeated championship, the THS 13 placed first at the Woodland Tourney, which was composed of 17 other teams, first place honors at Rio Americano, first place at the San Francisco Tourney, and a close second at the Sonora and CCC Tourneys.

This year's wrestling team was greatly aided by the tremendous support given to it by the school and the community, shown through improved attendance at home and at tourneys.

## Wrestlers Triumph

Once again, the Turlock High JV wrestling squad insured the continuation of the THS wrestling dynasty by closing out the season undefeated and bringing its number of consecutive victories to an astounding 47.

One of the standouts of this season, junior Steve Cripe, remained unscored upon throughout the year. Octavio Garza went 37 matches without a defeat, while John Casey recorded 16 pins in his JV matches.

Lightweights Kevin Mayo, 32-3, and Ron LeBue, 32-1, aided their team tremendously, and gave JV Coach deGraaf another undefeated season.

## Frosh Show Dominance

# Bulldogs Look Strong

With the returning of several lettermen from last year's ball club, Atch's "Angels" appeared to be in strong contention for the top position in the newly-formed Central California Conference.

Turlock's ball clubs have always been noted for their strong pitching and this year was no exception, as they had the one-two punch of Terry Gray and Jim Bryan. Hard-throwing Gray and southpaw Bryan were both all-conference last season. Also back from last season's club was senior Tim Wooten, with an excellent curveball, who handled the relief duties.

A pleasant surprise to the club was the showing of the two catchers Ken Pimentel and Greg Gross. Gross was an excellent defensive catcher and Pimentel had a powerful arm and made a large target for his battery mates.

Experience was the key to the Turlock infield as Dave Hanson and Rick Adams scraped for the starting position at first base. Scott Cooper, up from the sophomore club, battled with smooth-fielding Doug Leo for the honor of starting at second. Jamie Newell was short stop again this year and a spark plug to the team. Left-handed Gregg Groll played third and smacked the ball in spring practice.

Turlock's outfield produced some talent this year with Mike Sawyer in left field, Dave Van Winkle in center, and Bryan in right. Ed Gomes and Sam Pedretti battled for a starting job as both were up from the sophomore club.

Left: The majority of the game is spent in the dugout for Coach Pedretti as he paces back and forth before the game. Pedretti's interest and concern reflects his team's performance as they have hustle and determination.

Below: Preparing for a baseball game may not always be in the sole interest of winning as Coach Atch Pedretti passes out sunflower seeds to Mike Sawyer.

## Atch's "Angels" Show Pre-Season Domination

Above: Terry Gray pumps his fastball past an opposing batter. Gray was the best pitcher in the CCC with his blazing fastball.

Top Center: Batting on a different side of the plate this season, Jamie Newell has taken up batting left-handed. On this occasion, Newell busts a base hit.

Opposite Top Right: Jim Bryan delivers a pitch in the early part of the season. Bryan worked hard preparing for the league games.

Right: Coach Atch Pedretti comes to the mound to talk to his infield.

Below: Front Row - R. Adams, D. Thorsen, D. Van Winkle, D. Hanson, T. Gray. Second Row - M. Sawyer, Coach Pedretti, D. Leo, S. Pedretti, J. Bryan. Third Row - Managers R. Lesan and R. Clark, G. Gross, S. Cooper, G. Groll, K. Pimentel, E. Gomes, J. Newell. Fourth Row - Manager R. Myers, T. Wooten.

# Sophs Have Much Ability

Entering the season, this year's sophomore squad look like they have the ability to give Coach Stan Beasley his fourth title in six years.

Hitting will be the strength of this year's Bullpups. Led by slugging shortstop Tom Rojas, the sophs scored 27 runs in their first two encounters. At third base, slick fielding Mike Cooper and hard hitting Rick Perez will both see much action. First year man Dennis Olson and Tom Foster will battle it out for the starting first base job as will John Nored and Norman Finke at the catcher's position. Rangy Chris Pedretti held down second base as well as being the team lead-off hitter.

In the outfield, strong armed left fielder Gino Talamantes and center fielder slugger Ron Pimental led the way. Bill Vega, Chuck Marchbanks, and Mike Lazar will battle it out for the remaining position.

Fastball pitchers Rod Gray and Randy Couchman and curveball expert Mark Parkinson give Coach Beasley one of his best mound crews ever.

Below: Kneeling - T. Foster, C. Pedretti, G. Talamantes, T. Rojas, Coach Stan Beasley, R. Perez, M. Lazar. Standing - M. Cooper, C. Marchbanks, J. Nored, N. Finke, M. Parkinson, R. Couchman, D. Olson, R. Pimentel, B. Vega, M. Tate, R. Gray, M. Land. Right: Star hurler Rod Gray works on his delivery before his first game.

## Freshmen Slide, Dive

Sliding into bases and diving for fly balls were typical of Coach Rick Stangle's frosh baseball team.

The hitting was led by Terry Berg, Kendall Hanson, Dave Kirby, and Mike Copeland. Marty Rojas, Gary Gomes, and Terry Berg led the pitching corps. Defensive stars included: Gary Groll, Greg Holly, and Bruce Nickerson.

Below: Kneeling - R. Cripe, D. Lewis, L. Hillberg, G. Gomes, G. Holly, K. Blount, M. Aginigua, K. Gomes, G. Groll, M. Rojas, B. Webster. Standing - Coach Rick Stangle, C. Foida, J. McDaniels, T. Mendenhall, M. Copeland, B. Nickerson, K. Hanson, W. Marchbanks, D. Kirby, T. Huber, T. Berg, M. Harrison, K. Bloomquist.

Left: Terry Berg slides into Dave Kirby's tag during a pre-game warm-up. Marty Rojas signals safe as Wayne Marchbanks, Mike Copeland, Brian Webster, Jerry McDaniels, Tom Mendenhall, and Manuel Aginigua watch.

## Golfers Vie For Crown

In the future, 1973 may well be considered the year of the Bulldog. At least in the world of high school golf.

For this is the year the golfers have been waiting for, or as senior Brian Weese so poignantly put it, "This is the year we should win it all."

The ability of the golf team is directly proportional to their experience, and their experience is at its peak this year as graduation passed them by. Returning are all of last year's starters: Ron Bankson, Brian Weese, Jeff Metzger, Jim Devenport, and Paul Strand, along with sophomore Steve Moore, who has fought his way to the starting five.

Golf championships have been to Turlock before and maybe, just maybe, they will be here again.

## Netters Hope For Best Season Finish

Should everything fall into place, Turlock's tennis team could finish this season with its best finish in a long time.

Coach Dennis Chamberlain and team have their eyes on a second place title behind an extremely strong Merced team. "Other teams may have very strong top men," Chamberlain commented, "But all down the line we are about the most solid."

Dave Payne, Steve Hunter and Bill Sanborn fill the singles spots, a crucial spot, for the singles matches determine the outcome of the entire contest. Giving the team its strong solidity are doubles teams Dave Moline and Robert Leacock, with Roger Boomer and Craig Larson.

Coach Chamberlain also cited another of the team's major advantages. "Having only one senior on the starting seven means we should be greatly improved next year."

Opposite Top: Golf Team, First Row-S. Moore, J. Metzger, B. Weese. Second Row-D. Forte, S. Strand, R. Bankson, L. Holt, J. Adams. Third Row - J. Devenport, L. Woods, Coach Milt Raugust, P. Strand, D. Doyle.

Opposite Bottom Left: Ron Bankson, one of the golf team's finest this year, chips to the green.

Opposite Bottom Right: Paul Strand sinks a seven foot pressure putt.

## Swimmers Utilize Tough Conditioning

Coach Steve Fever, continuing with the extreme conditioning methods he introduced last year, found himself building strength into a team, slightly undermanned but very much in shape.

Aside from Roy Klevmyr's contention that, "It builds my body", morning practice does have its valuable assets. The long hard workouts, which forced many potential swimmers to an early retirement, also saw half of the school records broken last year.

The team expects good performances this year from all three seniors, John West, Roy Klevmyr, and Steve Pearson, who were all strong last year. Also doing well are two of last year's top scorers, juniors Steve Washburn and Richard Lindsay, and Mark Crowley, top scorer on last year's soph team. Underclassmen Mark Fiorini and Dennis Sondeno have both taken varsity positions in their events.

## Senior Tracksters Meet Tough CCC Schedule

Led by the hurdling of Dave McDaniels, Dale Brenda's pole-vaulting ability and the discus throwing of Dwayne Alameda the tracksters will be right in the race for conference honors. They will also be aided by the shot-putting of Dave Tanner and the running of Scott Baker in the 880. With 13 senior lettermen returning the future looks bright for THS.

Davis and Downey are the teams to be beat on this year's tough track schedule. This is not to mention the Merced squad who has strong hopes for a championship.

Opposite Top: Junior Gary Bethel displays the form that makes him one of the best shot-putters in the conference. Opposite Bottom: Dave McDaniels goes through the motions of hurdle races. McDaniels proved capable through stiff competition. Top Center: These runners highlight the track team. Gregg Carlson is very capable in sprints, while Scott Baker, Lee Dyche, and Carl Sigrist, proven as a stronghold of this year's cross country team, add punch in the distance races. Left: Jeff Billings takes to the pit in a jump showing his accomplishments as a long jumper. Above: Senior Dwayne Alameda strategically uses his muscle to attain greatest possible distance from this discus.

## JV Squad Has Conditioning

"This year's JV squad looks as if it is in very good condition," remarked Coach Ian Kirkpatrick. "This is one of the few years since I have been here that we had been gifted with some speed."

The JV'ers should finish in the top half of their division. This year's team to beat will be the quick Merced Bears.

## Seniors Raise Money For Disneyland Trip

Selling Heath candy bars, washing cars, and conducting bake sales brought in the needed funds for the seniors' annual trip to Disneyland. Money earned also went to finance the Senior Ball held January 20 at the Furlock Ballroom.

This year's theme for the ball was "Sweet Surrender" and "Truth," from the bay area, provided the sound. Couples danced, had their pictures taken by Walter's Studio, and enjoyed refreshments served by underclassmen.

## Juniors Prove Their Abilities

The spirited juniors proved their abilities during Football Homecoming week by placing first in both the painting of downtown store windows and the decoration of the cafeteria. The upper-classmen also placed second in the float competition.

The highlight of the year for the class of seventy-four was sponsoring the Junior-Senior Prom. Getting a quick start in September, under the direction of the junior class officers, interested students planned a bake sale to help with the finances for the prom.

Keeping with the Christmas spirit, juniors busily traveled door to door selling decorative candles. The sales of the attractive candles were added to the class treasury.

Many juniors kept active throughout the school year by participating in student government. Juniors headed such committees as the Parking Lot Committee, Cafeteria Committee, and Bill of Rights Committee. Through these committees, the students searched for answers to school and city problems.

# Soph Projects Fill Treasury

With their sights set on making money for future projects, the sophomores held numerous money raising events, including a bake sale and a car wash.

Choosing rings, as always, was a part of the sophomore year. Darrell Stanley, a representative from the Herff-Jones Company, met with the class officers to review possible colors and styles of rings. The rings were ordered early in October, in the hopes that they would arrive before the new year.

## Foiled Frosh Persevere

The frustrated freshmen didn't let their spirits down by being sentenced to sit on the floor during rallies, nor by being called Mickey Mousers. They came in third in a competition yell.

Bake sales and other money-raising projects brought funds for their senior trip to Disneyland.

## Groups Coordinate Building Projects

The district and high school administration coordinated their efforts, finalizing plans for the new buildings. Ground was broken in January, with the new sections replacing the main building's rooms and offices and with an outdoor area for small performances.

Implementation of the Stull Bill meant hours of meetings and discussions between teachers and administrators. This legislative bill provided a means for a formal evaluation of teachers' and administrators' performances through the use of written objectives.

## Progress Aids Good Relations

A new program to improve student relations with the administration and students was implemented. This year the counseling departments plan emphasized individual and group guidance concerning the parents, teachers and students.

The freshman counselors are Dorothy Lochner, Alfred Ingram and Raymond Miller. They were responsible for attendance, choosing courses, behavior and orientation.

The counseling offices were located in three different areas this year. Remaining in the main building, as last year, were the senior and freshman counselors. The junior counselors were located next to the library and the sophomore counselors' office was set up in the ag building.

Cleo Cooper and Raymond Miller were the sophomore counselors. Lloyd Petersen, the sophomore coordinator, was also in charge of attendance for sophomore, junior and senior boys.

Linda Karmos and Marie Bach were the junior counselors. Miss Bach, a new addition to the staff, was the junior coordinator. Donald Goldstein, principal, and Wesley Wellander, assistant principal, were the senior coordinators. John Wing and George Marks were the counselors.

Those students wanting to earn credits as well as have a job worked with Arnold Mueller, the work experience coordinator. The students were graded by the businessman and the coordinator on their performance, punctuality, conduct and appearance.

# Recycling Bin Creates Action

Once again stressing the individual's role in preventing pollution, the environmental science class instituted a project involving the many concerned residents of the area. A bin was placed on Berkeley across from the boys' gym, for old newspapers needed for recycling. The money received was used for various projects.

Harry Carlson instructs physics and biology 1-2, with John Marsh and Shirley Schmidt teaching biology 1-2 also. George Owings instructs chemistry and basic physical science. Joe Presto teaches physiology and biology 1-2, and Alfred Saugstad instructs earth and life science.

Math 1YL is the new replacement for pre-algebra. This course is a year-long one that consists of algebra level work, at a slower rate. Two years is the requirement to complete this class.

John Barlow teaches math 3-4 through 9-10. Rex Ferrel instructs math 1YL. Dennis Chamberlain, Bill Johnson, and Alan Berg teach math 1-2. Instructing ESEA math is Stan Beasley. John Groll teaches math 1-2 and 3-4.

# THS Operates

Seldom do people realize how complicated running a school is. Attendance, textbooks, administrative functions, janitorial work, and teacher preparation are just a few of the aspects involved in maintaining a school.

Textbooks need cataloguing, marking, ordering, and repair. Since 1958 Ida Endleman has been a familiar face in the textbook room and library, and now she is retiring. "I absolutely love Turlock High. The students are just wonderful. It's been a gratifying experience to be here, and it's sad when I think about leaving. There's still so much else I want to do," exclaimed Mrs. Endleman.

Right: Mrs. Endleman and Janice Peterson work diligently on filing cards for the many books that have been checked out by the high school students.

## Educators Aid Students, Area

Some other well-known faces on campus include Joe Debely, one-time high school coach and athletic director, and Lester Johnson, school electricity teacher. Debely is now head of adult education where 1014 were enrolled this year, a few of them being high school students.

Some high school students finished their education at night for numerous reasons including: marriage, employment, and the inability to cope with regular high school scheduling. The adult school is in its sixth year existing as a separate entity. Debely has been in education for 42 years.

Fixing clocks and audio visual equipment, doing the lighting for plays and assemblies, and coordinating the sound for athletic contests keeps Lester Johnson constantly working. His electricity students save the district a great deal of money since they do much of the repair work for the school.

Philanthropic minded clubs such as FFA, FHA, and Tri-Chi helped service the community residents. FHA made favors and decorations for the elderly patients, Tri-Chi entertained disabled students at Kennedy School, and FFA organized a toy drive co-sponsored with the local fire department at Christmas.

# Music Department Performs Messiah

The music department collaborated to perform the Messiah prior to Christmas vacation. Orchestra, band, and choir members practiced in unison for a community performance.

An active year performing in parades and reviews won the band numerous honors. An overnight stay in Santa Cruz helped make the long hours of practice on the football field worthwhile.

Treble Clef and Boys' Choir, forming the Concert Choir, attended many church services one Sunday singing Christmas music to the congregations. The Girls' Choir sang at several assemblies for district elementary schools.

Val Kuykendall instructs the band, and Edith Wheeler is the chairman and coordinator of the music department. Ross Schub teaches beginning instruments and orchestra, and Ted Dixon has all the choral groups.

## Art Students Learn Technique of Batiking

Batiking is the new technique that the art students are learning this year. It is a method of printing on fabric, using wax resistants. Some of the batik projects made are wall hanging pictures and designs on material, used for the making of clothes. Harvey Litvack teaches students painting, drawing, and art studio. John McVey instructs sculpture and crafts. Janice Sanguinetti teaches crafts 1-2.

Below Right: A German 7-8 class listens intently as a guest speaker talks to them. Below: Mary Martins, a Spanish student, reads an article in a Spanish magazine.

## Speakers Aid Understanding

Outside speakers in German classes aided students in understanding people of other countries. Speakers included: Maxine Atherton, a former THS teacher who spoke about her experiences living in Germany; Herr Leu, from Yugoslavia; Dr. Gerhard Mach, CSCS German teacher; Judith Stingler, an AFS student from Austria; and Judy Rowland, a coordinator for Americans Abroad.

English as a Second Language students traveled to Monterey, wore their native costumes at the International AFS dinner, and celebrated birthdays under the American system.

Spanish classes went to a Mexican dinner at Carmen's and Portuguese students brought Portuguese donuts to surprise students in their classes. Portuguese was offered for the first time and implemented due to the many Portuguese residents in the area.

Foreign Language teachers include Freida Rector who teaches German 1-2 through 7-8, Juan Adrover teaching Spanish 1-2 and 3-4, and Palmira Olsson, who instructs Portuguese 1-2, Spanish 5-6 through 9-10, and English Language 3-4. Caroline Keith teaches Spanish 1-2 along with Ed Brault who also teaches French 1-2 through 7-8. Latin 1-2, being offered again after three years, is instructed by Jack Withrow.

## Metal Work Wins Interest

Ornamental iron-work is very popular in the metal workshops this year. Boys have shown the most interest in this work, creating Spanish-style bookcases and cabinets. William Hunter and Donald Hall instruct these metal shop classes, along with ag mechanics and welding.

"Many of my students have been creating Spanish ornamental home furnishings and decorations including ornamental candle holders and stereo cases. I feel this work will be very useful in future years," expresses Mr. Hunter.

Shaping heated metal into useful tools and other objects is called forging, and interests many of the students in the classes instructed by Thomas Nichols, who is also in the metal and welding departments.

Howard Siggins is the general shop teacher and Robert DeHart also teaches general shop. James Nolt instructs vocational auto mechanics and pre-vocational auto shop, and Donald Dotson teaches woodshop.

## Foods Classes Gain Popularity with Males

The number of boys in the foods department has greatly increased this year. Caroline Duffy, the instructor, explained that the curriculum is gradually changing to further the interest of the boys. For example, more nutritional and healthy foods will be made instead of pastries and pies that were formerly directed towards the future housewives.

The homemaking department is headed by Judelle Jones, who teaches decorative stitchery and clothing 5-6. Gloria Houghten teaches clothing along with home furnishings and child development, a new course offered this year.

Instructor of basic homemaking is Carol Hawkins, who covers the many areas of homemaking education. These areas include housing, money management, crocheting, home decoration, tailoring, knitting, consumer education, grooming, and family relationships. Verna Buerge and Mrs. Duffy teach both girls and boys the techniques of successful cooking.

# Students Gain Insight

Practical and relevant knowledge was applied in vocational English 1-2, a junior elective also taken by seniors. Students dealt with various forms: income tax, legal forms, and job application. Filling out of legal forms included: rental applications and contracts, notices to vacate, sales contracts, and automobile accident reports. The curriculum dealt with consumer education, and penal and civil law as well.

English teachers spent countless hours in groups and individually to formulate class objectives in fulfillment of the Stull Bill. Each instructor wrote at least five major yearly objectives, which were later discussed and evaluated by curriculum director Wes Wellander in meetings with each individual teacher.

English teachers are Fred Antroll and Gertrude Hancock, instructing English 1-2, along with Sandra Fletcher and Robert Songer who also teach speech 1-2, non-forensic, and English 3-4 respectively. Elizabeth Tyler and Jack Withrow teach English 3-4 along with Twila Stangle, who also teaches introduction to journalism 1-2, **Clarion**, and the **Alert**. English 5-6 is taught by Mildred Dillman, who also teaches survey of American literature and modern American literature. Irving Klaschus and Don Lutzenberg instruct New Testament literature and survey of American literature, also English 7-8 and reading 1-8 respectively. Caroline Keith teaches English 3-4 and 5-6 and Spanish speaking students 1-2. Pershing Olson instructs English 7-8, vocabulary and composition, and survey of American literature. Jack Heald instructs English 1-2, public speaking, and speech 1-8. Vocational English 1-2 and reading 1-8 is taught by Calvin Black, and ESEA reading 1-8 is taught by Robert Parks.

## Experiences Train Young Dramatists

Improvisations, script reading, and project training aided aspiring young actors and actresses in drama. The use of the auditorium facilitated the acquiring of the techniques needed in the world of grease paint, and stage lights.

Special education students received on-the-job training in janitorial work around the school as well as learning marketable skills. The students made designs into leather for belts, wallets, purses, brief cases, and other personally designed articles. Besides gaining practical knowledge they covered academic areas as well.

Introduction to Journalism and **Clarion** staff members again published the "Teen Section" weekly in the Journal. Students interviewed people, wrote and copyread their stories, and went to the newspaper office to dummy up the pages. A field trip through the plant enabled them to fully understand the publishing of a paper.

## Students Attend Court

Groups of Business Law students attended court sessions and sat in on actual cases, including some for traffic tickets and one for possession of marijuana, to understand the workings of America's laws. Outside speakers such as representatives from Banquet Foods and Pacific Telephone Company supplemented the course.

Salesmanship students advertised and created their own products. The purpose of these projects was to get the students involved with the community. Business classes put on "The Battle of Sexes," a swim meet featuring Freda Simpson against John West. Miss Simpson, the exchange student from South Africa, defeated West in the 200-yard individual medley.

Business Management classes were planning a school store to sell school supplies and items with THS emblems. Some business teachers visited Yuba City High to understand the management of their school store. Mrs. Cross, business department chairman commented, "Apparently their program must be fairly unique because it has been picked as one of the two schools in northern California for a two day demonstration sponsored by the state department."

Mary Holden teaches Typing 1-2, along with Alan Berg who also teaches Records 1-2. Elbert Underwood instructs Typing 1-2 and 3-4. Esther Thorsen teaches General Business 1-2 along with David Weise who also teaches Salesmanship, Business Management, and Business Law. Ailene Cross instructs Clerical Project, and Bookkeeping 1-2. Carolyn Shawen teaches Shorthand 1-2 and 3-4, Office Practice 1-2, and Business Machines 1 along with Clerical Projects.

## Class Involves Modern History

Trying to give an understanding of US history since 1945, a new course was implemented entitled US History Since 1945. It dealt with recent American cultural, intellectual and social history as expressions of influences since 1945.

This class was a new elective in the companion courses to civics. Senior classes emphasized problems in society with many class and panel discussions, and guest speakers including the chief of police, welfare workers, and a member of the area family planning office.

The teachers in the department include: Steve Aristotelous and Shirley Schmidt instructing history 1-2, along with James Biever and Tom Jones who also teach history 3. Gilbert Daniels teaches Mexican-American studies, History 5-6 and civics, Dan Larson and Albert Voorhees instruct history 5-6 and civics, and Ed Sausman teaches environmental history and history 5-6. Mr. Voorhees also instructs US History Since 1945. Tom deGraaf teaches State Requirements along with Ezio Pedretti. deGraaf teaches history 3, also. Rick Stangle instructs civics along with Robert Mounts who also teaches history 1-2. Ian Kirkpatrick teaches anthropology, and psychology is taught by Natalie Daubenberger.

Opposite Top: Drawing up blueprints for a house occupies the attention of Robin Ladd, mechanical drawing student.

Donald Hall teaches ag mechanics 1-2 and ag welding 1-2. Anthony Silva teaches exploring agriculture, vocational ag management 1-2, and crop production and landscape design management. Emerson Duarte instructs mechanical drawing 1-2, and 3-6.

## Ag Students Keep Expenditure Record

A monthly journal reporting the amount of money spent on projects or earned kept agriculture students aware of actual business practices. Expenditures included horses, cows, pigs, pigeons, and crops. Some money was earned from work experience.

One of the major shows of the year was a livestock showing at the Cow Palace in San Francisco. Also studied during a unit on genetics was artificial insemination for better breeding.

Ornamental horticulture, dealing with the study of plants, was implemented at THS. Students planted flowers around the campus for beautification.

Practical experience in drawing blueprints, learning measures, and proportioning was learned in mechanical drawing. Projects included drawing actual dimensions of homes or other buildings.

# PE Goes Coed

Co-educational activities highlighted the PE classes for the upperclassmen this year.

Juniors and seniors had four weeks of coed activity this fall, activities being tennis, volleyball, lifesaving, and badminton. Using the lottery system, students drew numbers, the lowest getting first choice of one of the four activities.

This program, which was a cooperative effort between the male and female coaches, was on an experimental basis this year for the juniors and seniors only. It will be continued in future years because the results showed satisfaction.

There was one coach for each activity who instructed both boys and girls.

In addition to the four co-ed weeks in the fall, the juniors and seniors had four more weeks in the spring. The activities included tennis, golf, aerabatics, badminton, life-and slow pitch softball.

Dora Boomer, who helped organize the program, commented by saying, "Co-ed PE is the up and coming thing in physical education. Most of the other schools in California have it already. It's worked well in them and I think it's going to be a lot of fun for everyone here!"

# Heavy Rains Cause Many Leaky Roofs

A rainy first semester kept Turlock's janitors busily running across campus to repair leaks, find holes in the roofs, and mop up water from leaky ceilings. Few realize the countless hours needed to daily clean the rooms, repair broken facilities, plus answer the "three rings" during class time. They also helped behind the scenes for plays, assemblies, and other outside activities using THS facilities.

Cafeteria ladies arrived early in the morning to prepare the daily cuisine for the three lunch periods. This year, students on the Student Union committee helped plan at least one meal a month to encourage student involvement in cafeteria programs.

Delivering and picking up students often proved to be a nerve-wracking job for the numerous district bus drivers. After delivering high school students, many drove other routes to help certain elementary and junior high students attend school. Field trips, club excursions, and athletic contests also required outside time from some bus drivers.

## Faces Silently Witness Events

On the face of the main building  
carved into the second floor  
2 old men stare out on the world.  
The winds and rains have etched the  
image of age into their eyes  
The torrents and tremors have given  
them the wisdom of experience.  
They face in different directions—  
they have witnessed different worlds  
they have seen a thousand dif-  
ferent faces  
Yet the understanding is the same.  
For as the years melt by  
As the black-robed builders of  
tomorrow's promise on a piece of  
parchment  
As the world changes rapidly to  
meet their demands  
The essence of permanence remains-wis-  
dom engraved in the solid stone of e-  
ternity-life set firmly in brick to  
brave the years.

Maggie -  
The years go by alarmingly fast, and it's hard to believe that it's been 6 years since Messo Keem, and two since "Oh now, Margaret - get out of that cabinet." I shall truly never forget the friendship you've given me, and I hope that we can be as close as that last night of camp - when we forgot our differences and accepted each other as distinct and valuable people. You certainly are -  
God bless you always - Love,  
Beth

Pieces of a jigsaw puzzle  
not yet put together  
September memories . . .  
    old friends,  
    running to escape  
    the fourth tardy,  
    discovering shade in  
    the Indian summer heat.  
Straining your brain  
to remember,  
    What?  
Forgotten fragments,  
    names, faces, numbers.  
Try and remember till June  
    when the pieces fit.

Debbie

## America Inspires Us To Achieve Greatness

It's been said that any little boy can grow up to be president.

"A Man for the People" —

That's the American dream.

But freshmen, you've got "Four More Years" to learn, to grow, to mature . . .

before graduating into the big world of politics, and of presidents.

It's your time now,  
(more than ever).

Maggie;  
How are you?  
I am fine.  
Tell "In mezes for me - I wonder what hell there is." Oh well.  
Brazilian mint; still have a few loose strings we have to die up - regarding Mr. Owing's in sanity. He's not in sane enough to suit me.

Diane L.  
just  
splattered

juice there.

And w/ those  
pleasant thoughts  
I remain  
always  
Mary  
Louise  
O?

## Involved People Benefit Others

So why be involved?

Because people need you.

Your people need you.

The boys on the field,  
the fans in the stands,  
student government,  
the students themselves.

And to know — even though others deny it —  
that you have been one step  
in someone's path in life.  
And, more important,  
that they have been a step in yours.

## People Need Others For Shelter, Care

In nature,  
the wild things depend on each other  
for food  
for shelter  
for life.

And every field mouse  
every mountain lion  
Is part of a bigger cycle-  
that's the balance of nature.

In the world of men  
we all depend on each other, too  
for care,  
for hope,  
for life.

And every child,  
every aged man,  
every teenager,

Is part of a bigger cycle -  
that's human nature.

## Days Typify Student Life

A typical day,  
set between yesterday  
and tomorrow,  
forgotten in a week.  
Not black,

Not white  
A dismal sort of grey.  
An average day.

Was it Monday  
or Tuesday  
or was it today?

A jumble of places,  
and faces,  
and times.

Ordinary days  
can become extraordinary  
when looking back,  
for they are the transitions  
from the present to the  
future.

*Margaret - Never forget the time  
 we stuck Maryland both in the  
 trunk of your car when we went  
 to the drive-in and got caught!  
 That chase down the high way was  
 hilarious! Stay crazy, but keep  
 track of yourself. Love,  
 Kathy Malmberg*

Amazing Maggie:

I'm truly amazed. Wasn't it exciting in Mounts class listening to his inane lectures? also trying to start?, finish? Olson's term paper. Well, there's more in store next year. Stay out of trouble. Don't do anything that I wouldn't do.

Later,

Janell M.

My Dearest Maggie, how nice it has been to have you as a friend. You have brightened up many a crappy day. As for those far out glasses, have any men ever made a pass at you with them on? tok,

Well hon, I've surely enjoyed you in Asst-mounts, pe., & Olson, especially in Olson, goodness me, you're a young lady with many faces, from snowwhite to a witch - hmmm

Time to say Ta-Ta, stay good (I mean be good)

See ya this summer & when you come back from college - - Chow, Doin' (pallies)

Maggie -

When writing these ridiculous, meaningless, thoughtless, ludicrous, stupid, dumb, and crazy notes of recognition and remembrances, I usually try to make them sound appropriate for the person to whom it is addressed. But I get a mental block when it comes to people like you - whaco! Now for a serious word... Art - thoughtful discussions have helped us figure some things out into their right perspective - haven't they? Let's keep 'em there!! But don't get hung-up on college co-eds, too often. You've been a real gem and enjoyable company for me. Merci-beaucoup!

MAGGIE - TO A VERY PRETTY GIRL WHO LOVES TO GOOF AROUND. YOU WERE  
FANTASTIC AS SNOWHITE. WISH YOU THE BEST OF LUCK IN THE  
YEARS TO COME. TAKE CARE. RM

Maggie  
You make a  
Sugar bear - I was  
fun having you in my  
P.E. Class this year hope  
to see you around this  
summer

Maggi,  
Boy, what a year! It's  
been so much fun, I'll  
never forget all the party's  
we been too. I hate to see  
ya go, but take care! Have fun  
seeing DAN HICKS! (+ his hot chicks?)  
We'll keep those Sweet  
"Connections" rolling this summer  
Have yourself a fantastic  
life, & keep the way you are
